

EU Type Examination Certificate

Date: 2019/06/19

n. **759192501/OE**

Validity:
2024/06/18

The hereunder described items of Personal Protective Equipment have overcome positively the "EU type examination" (Module B), proving their conformity to the safety and health requirements of the Regulation (EU) 2016/425 (Annex II)

Manufacturer: **FC-Moto GmbH & Co.KG**
(Responsible of the PPE) Aachener Strasse 21-23 – 52146 Würselen – Germany

Type of PPE: **motorcyclists' protective footwear**

Category of PPE: **II** : "medium" risks.
This certificate is based on reference standards listed below: its validity is no longer ensured should new version of the standards come into force.

Model **"Caracas Summer Boot"**
code 1132W

Description: fastening system: by means of a zipper completely covered by a flap provided with a hook and loop fastener marked "BOGOTTO" in black;

processing: ago;
outsole: black vulcanized rubber "HIGH GRADE RUBBER SOLE" (FIRHGRS-217);
upper: black fabric used in the vamp outer area (FIRMPLM) marked "BOGOTTO" in white color in the rear outer area and grey microfiber coated with black polymeric material (FIRMF);
collar: anthracite grey non-woven fabric coated with black polymeric material (FIRPUWN);
front and rear joint: anthracite grey non-woven fabric coated with black polymeric material matched with two anthracite grey foam materials of different thickness and the vamp/rear lining (FIRPUWN + FIREF + FIRPUF + FIRPLF);
vamp, rear and quarter lining: black fabric matched with both anthracite grey foam material and black knitting (FIRPLF);
mid-layers: white textile matched with black knitting and black waterproof membrane (FIRPUM);
collar lining: anthracite grey non-woven fabric coated with black polymeric material (FIRPUWN);
insole: grey semi-rigid polymeric material (INSPP) covered by felt and lining;
removable insock (perforated): anthracite grey foam material matched with black fabric marked "BOGOTTO" in white color in the heel area (FIRIS-P);
gearshift lever protective insert: black polymeric material cast onto the upper.

The boot has stiff inserts in polymeric material, as follows:
- shin insert: black foil (FIRPP) embedded between a grey (external) and a white foam (internal) inserted in the upper;
- lateral (external) insert: black material cast onto the upper;
- internal and external ankle insert: black rigid plate (FIRPP) matched with both anthracite grey and white foam materials inserted in the upper;
- external ankle insert: black material cast onto the upper with logo "BOGOTTO" in white color.

Technical Standard: **EN 13634:2017** Protective footwear for motorcycle riders – Requirements and test methods

Intended use: use by motorcyclists for normal road activities, mainly for touring

EU Type Examination Certificate

Validity:
2024/06/18

Size range:	from 36 to 48								
Technical File:	DC-10888								
Test report:	RCT n°3820220/E								
Functions and performance levels:	<p>Requirements according to EN 13634:2017: all mandatory ones, among which:</p> <table border="0"> <tr> <td>Height of upper</td> <td>level 2</td> </tr> <tr> <td>Impact abrasion resistance of the upper</td> <td>level 1</td> </tr> <tr> <td>Impact cut resistance of the upper</td> <td>level 1</td> </tr> <tr> <td>Transverse rigidity of the whole footwear</td> <td>level 1</td> </tr> </table> <p>Optional requirements according to EN 13634:2017: WR = water resistance of the whole footwear</p> <p>Note: the Technical Standard provides 2 performance levels with level 2 meaning the higher performance.</p>	Height of upper	level 2	Impact abrasion resistance of the upper	level 1	Impact cut resistance of the upper	level 1	Transverse rigidity of the whole footwear	level 1
Height of upper	level 2								
Impact abrasion resistance of the upper	level 1								
Impact cut resistance of the upper	level 1								
Transverse rigidity of the whole footwear	level 1								

Marking: printed on a stitched label and displaying the following information:

- **CE Marking;**
- Name and address of the Manufacturer;
- designation of the footwear (unique/unambiguous);
- pictogram to indicate the motorcycle use + nr. / year of the Standard of reference + levels of performance reached during laboratory tests + optional requirement WR;
- size indication;
- date of production (year and month);
- additional information: composition materials, batch number, "Made in...", nr. identifying the Notified Body, PPE Category.
